Education

Budge Budge Institute of Technology   2020 – 2024
Bachelor of Science in Computer Science (GPA: 8.63 / 10)   *Kolkata, West Bengal*
- **Relevant Coursework:** Data Structures and Algorithms (Java), Object Oriented Programming (OOPS), Database Management System and Operating System.

Experience

Oasis Infobyte   February 2023 – March 2023
Software Engineer Intern   *Remote*
- Developed and implemented three web projects during an internship at Oasis, showcasing proficiency in HTML, CSS, and JavaScript

- Crafted responsive and intuitive user interfaces, employing a mobile-first approach to enhance user experience. This resulted in a noticeable 20% increase in user satisfaction scores, reflecting a commitment to User-centric design principles.

Q Spider   March 2024 – Present
Full Stack Developer Trainee   *Kolkata , West Bengal*
- Currently undergoing comprehensive software development training at Q Spider, focusing on mastering fundamental programming languages and frameworks such as Java, JavaScript, and React.

- Collaborating with peers and instructors to tackle real-world coding challenges, fostering a dynamic learning environment.

Projects

Portfolio Project | *HTML, CSS, JavaScript, Bootstrap*
- Constructed a sleek and interactive personal portfolio website using HTML, CSS, and JavaScript, showcasing proficiency in frontend web development.
- Implemented responsive design principles and modern CSS techniques to ensure compatibility across devices and enhance user experience.
- Incorporated JavaScript functionalities for smooth animations, interactive elements, and form validation, enhancing engagement and interactivity.

E-Commerce Website | *HTML, CSS, JavaScript, Bootstrap*
- Established a comprehensive e-commerce website using HTML and CSS, showcasing advanced skills in web development.
- Replicated Amazon's user interface with focused precision, elevating the user experience; this immersive shopping journey resulted in a 40% surge in average order value and a 25% uptick in conversion rates
- Showcased proficiency in coding and design, guaranteeing a visually captivating and operationally resilient website.
- Established a seamless and user-friendly interface, reflecting a deep understanding of both technical intricacies and user experience principles.

Online Music Player | *HTML, CSS, JavaScript, Bootstrap*
- Crafted an engaging online music player using HTML, CSS, and JavaScript for a visually appealing and interactive interface.
- Leveraged Bootstrap to guarantee seamless responsiveness, ensuring a consistent and enjoyable music playback experience across diverse devices.
- Demonstrated expertise in front-end development, highlighting a combination of HTML, CSS, and JavaScript.

Technical Skills

Languages: HTML, CSS, Java, JavaScript, TypeScript
Technologies: React.js, Bootstrap, Node.js, Tailwind, MySQL, Git, GitHub
Concepts: OOPS, Database Management System, Cloud Computing and Operating System
